Maximize Your Protection.

As a homeowner, one thing is certain - sooner or later appliances will need repair, taking hundreds or even thousands of dollars right out of your pocket each year. Now imagine a service plan provider not only arranging service for you at your convenience, but actually helping pay for those repairs. **We can make all that possible.**

A 24/7/365 toll-free number provides quick access to a dedicated customer service center that will dispatch service and manage the entire claims process. For covered claims, you pay the first \$50 and the plan pays everything else up to the plan limits.
